MA in International Education

The Master of Arts in International Education

The MAIED is designed to draw early-to-mid-career professionals with at least one year of relevant experience in traditional and/or international educational field settings. The program will encourage students to show their ability to interact with cultures or groups other than their own and to do quality graduate work in an independent/virtual setting. Strong competence in spoken and written English is highly recommended and proficiency in a language other than English is required.

Duration

12 months

Language

English

Flexible, self-paced, 100% online

You can start your degree and courses any day of the year - when you are ready. Due to our self-paced approach, you can complete courses at your own pace. This means that you can both accelerate your degree, or take a lighter workload. The degree is completed fully online, so you will never have to travel to our campus to complete your courses.

Credits

Full degree has 90ECTS / 36US

Career Prospects

Students can pursue careers in higher education, ESL programs, law, international education associations, accreditation agencies, international development or human service agencies,

non-governmental organizations, cultural exchange programs.

Admission Requirements

- Bachelor's degree or equivalent.
- The candidate must have proficiency in English language. When the candidate is a not a native English speaker, has not completed a degree in English, or has not worked in English, the prospective student must have a TOEFL score of 500PBT/61IBT (or equivalent score in an equivalent English test).

Methodology

Courses will focus on the sharing of personal experiences in the field of multicultural education, while developing critical understanding and thinking in the field. The lecture format will be enriched by discussions aiming at developing ideas and ensuring greater awareness and increased knowledge.

What our MAIED students say about their degree

«I acquired information about the learning theories and teaching activities that I can use in class.»

«I chose this degree because I would like to consolidate my knowledge and skills in the field of international education. I aim to broaden my employment opportunities by earning a higher degree through an international institution.»

«I am teaching what I have been learning in this program.»
